# About Me

My name is **Ahmad Faris Bin Abdul Aziz**. I'm from Iskandar Puteri, Johor.

For the past work experience, my designation is as Laboratory Technician at Johor. I loved to explore things and learned as my own knowledge for self-improvement.

## I am a Graphic Designer !

I started to design since my study at UiTM Pasir Gudang, Johor. Since I start involved in designing and multimedia, my capabilities extended and my creativity exceed my own limits !

As for the time being, most of my contribution in graphic designing are for community and charity purposes under an non-profit NGO.
